

Family loss- thanks for your patience

Dear college bound friends & families-

I feel like I should let you know that our family suffered a heartbreaking loss this week in the death of my niece and we are in the midst of grieving, making travel arrangements in the midst of a pending hurricane, and trying to be supportive to our own children who lost a wonderful cousin.

If you have sent me essays to edit in the last few days, know that I have them in the lineup and will process them asap and get them back to you.

If you have sent emails requesting appointments or information, my associate Lindsay will be fielding those and responding to you as soon as possible.

If you're asking for a private appointment but haven't attended a workshop yet, please consider doing so. See below. It will get you through with a lot of great info until we can get through this time and the calendar will be more accessible.

Thank you for your patience during this difficult time.

Now- go hug your kids. Lighten up. Tell them why they are great. Be a family.

Warmly- Elizabeth

Available Workshops

**Scholarship Gold Workshops
Fall Schedule!**

Sept 22- Lake Wylie

Junior Year Essentials- 9-noon- click [HERE](#)

About Scholarship Gold & Elizabeth Hartley

Elizabeth Hartley and her team provide specialized guidance to students and parents on all things college including:

- What to do throughout high school to create the best options
- How scholarships *really* work and how they differ at various types of schools
- How financial aid works differently at various schools and how to maximize your chances for aid
- Preparing for admissions & scholarship interviews
- How to write compelling essays for admissions & scholarships

And much more. We enjoy creating remarkable futures, one student at a time!
